

SPORTS HYGIENE

Proper shoe hygiene is essential with strenuous and sweat-inducing activities, at high temperatures and particularly in a humid environment. This helps to prevent not only unpleasant odors but also skin diseases.

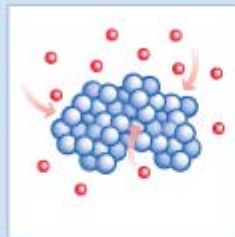

SportHygienic

22121 125 ml

Concentrated Hygiene Spray with High-Tech Odor Absorber

- Neutralizes active odors
- With lemon-fresh scent
- Improved formula for a fresh and hygienic feeling that lasts even longer
- Ideal also for purses, backpacks
- Extremely economical through fine misting throughout entire shoe
- Just spray once, short drying time

LEFT "Good" and "bad" odors are chemically completely different. The SportHygienic odor absorber has no problem at all distinguishing between them.

RIGHT Unpleasant odors and bacteria can then be bound together and a lemon-fresh scent remains.
